

## HOW TO STAY CURRENT AND WHAT AIRCRAFT TO USE FOR YOUR ANNUAL CHECK RIDE

If you are checked out in the Cardinal, every plane below this will remain current once you have done their initial checkouts when doing your annual in the Cardinal and maintaining currency in the Cardinal.

If you are checked out in the T41C, every plane below this will remain current once you have done their initial checkouts when doing your annual in the T41C and maintaining currency in the T41C.

If you are only checked out in the Warrior then you will remain only current in the Warrior.

Once you have the glass panel check out, either R model will keep you current in the R models.

If you are checked out in both the Warrior and the R models, either one keeps you current in all 3. Your Annual can be done in anyone.
