

3-D Printing

at the HUB

It's Free

Call for a consultation with Thea Howes at 530-634-2314.

She will help you get started.

How it Works

- 1** You will need an object to print in a CAD file. All files must end in .stl

You can create a file using a CAD program, such as Tinkercad. Read below for information on beginning Tinkercad classes at the Library.

OR

You can also use a file already created in thingiverse.com

- 2** Choose your color.

- 3** Send your request and .stl file to Thea Howes at hzlstaff@gmail.com.

Please call Thea Howes at 530-634-2314 if you have any questions, concerns, or this is your first time sending a 3D print job.

FAQs

When will my object be ready?

Your print job will be printed in the order received. Some jobs ahead of yours may take several hours to print, which could delay your job. We will email you when ready.

How will I know it's ready to pick up?

You will receive an email from hzlstaff@gmail.com when your object is ready to pick up.

Picking up: when and where?

You'll receive an email when your object is ready. Ask a staff member for your object. Our hours are 8:30-7 Mon-Thu, 8:30-4 Fri & 8:30-2 Sat

Why is my object not yet printed?

Your job is in queue behind several other jobs, which take time to print. Problems with your .stl file could also cause delays.

Tinkercad Class

Every 4th Wednesday

at 2:00 p.m.

Free for ages 11+

Sign up by emailing Thea Howes at hzlstaff@gmail.com
